

Teaching Excellence Shaping Character

Inspiring Futures

An Extraordinary Education

Our children will be living and leading in a world vastly different from the one we know today. They will need all the skills we've learned and a great many more as they embark on a never-ending journey of **challenge and change**. They'll have to be **globally aware** and able to understand the connected nature of people, actions and enterprises around the world. **They'll need to be experts at teamwork, adept at communicating across cultures** and fluent in the language of **technology**. More than anything, they'll have to bring **creative, innovative thinking and solutions** to create better workplaces and a better world. To do it, they'll need an extraordinary education – a school where they'll be motivated, equipped, trusted, accepted, disciplined, engaged, challenged, empowered, fulfilled and inspired. That forward-thinking, resource-rich school is ready for your children today on 18 pristine acres near UBC-O in Kelowna. Welcome to Aberdeen Hall.

Aberdeen Hall is an independent, non-denominational university preparatory school for boys and girls from pre-school to senior grades.

“As a parent, I want to entrust my children to teachers whose purpose is to help them be everything they can be in life. It’s for this reason that as a career educator and Head of School, I’ve assembled a team dedicated to the intellectual, emotional and personal development of our students.”

Chris Grieve *Head of School*

Early Years & Junior School

There is a genuine joy at the **Modern Montessori pre-school, full-day kindergarten** and during **junior years** at Aberdeen Hall. Supported and nurtured, engaged and happy in a state-of-the art environment, students learn to take responsible risks and discover a passion that will serve them for a lifetime: a **love of learning**. Challenged and exhilarated, they come home, confident in core subjects and glowing with accomplishment in **music, athletics and arts**. In these early, highly impressionable years, they come to understand key concepts: respect for others, empathy, self-discipline, awareness and peacefulness.

A HEAD START

- Small class sizes and small school population
- Early childhood music and art appreciation
- Gifted student and learning support programs
- Bussing and after school care
- Full-day kindergarten with enriched learning
- Modern Montessori preschool from 30 months
- French language instruction
- Daycare from 3 years
- Playground and outdoor theatre

“My classes have an outstanding student-teacher ratio, which allows me to nurture and support my pupils in a very individual way. That’s something I cherish as a teacher because it’s meaningful to the student – I have time to learn and understand their language; I can communicate on a profound level.”

Teacher, Junior School

Middle & Senior School

Aberdeen Hall is a **safe, supportive and innovative** hub of activity for middle and senior school students that offers a wide variety of extra-curricular opportunities, arts and athletics programs. Administrators, teachers and parents partner with students to help them meet our **rigorous academic standards** and our low student-to-teacher ratio helps pupils through our **Advanced Placement** program. Just as they prepare for post-secondary success, students engage in experiential learning through proactive career planning, job shadowing and community outreach. The result is graduates with **leadership, citizenship and critical thinking skills**, ready to take on any challenge and prepared for life.

A BALANCED EXPERIENCE

- Safe, caring learning environment
- Six-pillar Character Counts program
- Duke of Edinburgh's Award program
- Advanced Placement (enriched) curriculum
- International Baccalaureate application school
- Outdoor education and field trip opportunities
- Band program
- Community service curriculum
- Educational workshops for parents
- Athletic facility and cross-country running course

“In adolescence, young people grow and change incredibly quickly; they’re looking for themselves and looking for answers. It’s a demanding and wonderful time. I see it as an opportunity to educate the whole person, and to give students the skills they need to excel in the school of life.”

Director, Senior School

Our vision is that all students of Aberdeen Hall can become balanced and empathetic individuals, keen thinkers and communicators with a passion for life and learning and an enthusiastic drive to excel. We seek to enable them to pursue any kind of higher education and to succeed in any endeavor they may choose.
