- 1 x 80 page exercise book (ideally not spiral bound)
- 2 x blue pens
- 2 x red pens
- 4 x highlighters
- Metric ruler (flexible)
- Reinforced loose-leaf paper- 2 packs
- Graphing paper - 1 pack
- Glue stick
- Pair of scissors
- Calculator
- Set of multi-coloured Sharpies (thin tip)

\*A good BYOD computer is one that:

- **Has a Good Battery Life** - Students will want enough to get you through the day without needing to frequently charge their device. Having a charged computer is the number one challenge we see students facing with regards to their devices
- **An English Operating System** - Chrome OS, Windows 10 or MacOS are highly recommended
- **An Attached Keyboard** - Phones do not qualify for our BYOD program and iPad's present some additional challenge so they must come with an Accessory Keyboard.
